Volume 10, Issue 4

April 2019

A Note from Pastor Phil

Life Groups at WOL continue to flourish! We are grateful to see such hunger in people to learn more about God and to fellowship with one another! The groups we currently have going are the Families with Young Children led by Albert and Sarah Yu; the In Touch Bunch under the oversight of the Squires; the Impart Young Adult Group that meets at our house once a month; and the Life Groups led by the D'Alessandros, Fantauzzos, and McDonalds. I believe we will see some of the groups multiply and also new groups formed this year. They are all well attended. Although these groups often follow a curriculum, you are welcome to join anytime in the series. The D'Alessandros, Fantauzzos, and McDonalds use a short DVD series to start the discussion. The DVD is only a small portion of the study. Often a workbook is used but is not mandatory to participate. Since most of these groups meet on different nights of the week, some people like to attend more than one. Whatever your schedule allows, there is something for everyone. Other great opportunities are the mid-week prayer meetings. The weekly Wednesday morning prayer is a one-hour meeting that starts at 9 am, led by the Dennehy's. The other is our First Wednesday worship and prayer once a month, at 7 pm. We all need to connect more often than on busy Sunday mornings. These groups are where the real discipleship and connections are made. If you would like more information about these groups, visit the back page of this newsletter to find contact information about the groups and other outreaches, or contact the church office. We would love to tell you more about each group!

New Missionary Care Coordinators for WOL

We are excited to announce that Matt and Stephanie Slisher will be our new Missionary Care Coordinators! They will be the liaison between WOL and our missionaries to help care for our missionaries. We are happy to give our missionaries the care we long to give them. Matt and Stephanie will be able to update us on the life and needs of those supported by WOL serving around the world. You can look for future updates in this newsletter!

Matt is a graduate of Elim Bible Institute and is nearing the completion of his graduate studies for a Master of Arts degree in Muslim Studies from Columbia International University. Stephanie (who also attended Elim) is a Registered Nurse working in Obstetrics at Strong Memorial Hospital. Since their marriage in 1996 (the same year they began attending Word of Life), they have been passionate about reaching unreached Muslim people groups. From 2002 – 2018, Matt and Stephanie served in Asia as missionaries to an unreached Muslim people group. They most recently opened and ran a coffee shop where they ministered His love to their staff and community. Last year, they returned to the Rochester area where they have settled again with their five kids, aged 20 down to 7, Andrew, Aimee, Hannah, Abby and Noelle. In addition to continuing outreach to Muslim diaspora communities in America, their heart is to see the next generation equipped for missionary service. With this as their aim, Matt is currently teaching missions courses at EBI & C and working to impart a passion for missions into the student body there. They are pleased to take on the role of missions coordinators here at Word of Life, to care for our missionaries and be a link between our church family and our missionaries.

WOL Nursery Update Complete!

BEFORE

It has been at least 20 years since the WOL nursery has been updated! Thank you, Pastor Phil McNeill, for your vision to bring this change! “Young families notice these things. If we don’t care and prepare a place, why should they care or come back?” [Pastor Phil] Thank you all for your generosity to give toward this, as I am sure you also were looking forward to seeing the improvements. Many thanks to Alexis Maxon who spearheaded this project and design! What a great job! We also want to thank Henk de Smidt, ROC Roofing LLC, and Greg Rindahl for the electrical updates, wall prep, painting, floor installation, and light fixture replacement.
